DETAILED ACTION

Papers Received

Receipt is acknowledged of the applicant's amendment, response, petition for extension of time, and affidavit submitted under 37 C.F.R. 1.132, all received on 01 June 2004.

Claim Objections

The objection to Claims 15-19 is hereby withdrawn.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claim 16 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 16 draws dependency on Claim 14. There is insufficient antecedent basis for this limitation in the claim. For the sake of advancing prosecution, it will be assumed that the applicant intends to refer to Claim 15 instead.

Claim Rejections - 35 USC § 103

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

The rejection of Claims 1-19 under 35 U.S.C. 103(a) over Zimmerman *et al.* is maintained.

Response to Arguments

Applicant's arguments and the affidavit submitted under 37 C.F.R. 1.132, both filed 01 June 2004, have been fully considered but they are not persuasive. The present amendments to the pending claims essentially amount to a recitation of intended use that does not result in a patentably structural difference between the instant claims and the prior art. As such, the amendments to the claims do not over the prior art rejection of record. See MPEP § 2111.02. The discovery of a new property for a composition known in the prior art does not, without more, render the newer embodiment patentable. As such, the pending claims will remain rejected.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37

CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
